Announcement

May 16, 2013

Spirit of Flight Aviation Museum

The 427 Wing Association is proud to announce the launch of first phase development of the **Spirit of Flight Aviation Museum** on the grounds of the original **RCAF Crumlin/London** airfield at the **London International Airport**.

The museum, operated by 427 Wing, will be dedicated to highlighting all aspects of civilian and military history, which began as far back as 1862 with the balloon ascension over London Ontario. Working with various heritage and education groups we are confident of presenting engaging, educational and entertaining exhibits, presentations and functions. The many air cadet squadrons affiliated with the Wing will be a major focus of the museum.

The Spooner Memorial Garden, started in 2002 and adjacent to our 1940 WWII Canteen/427 Wing facility, honours the names of women and men who support all aspects of the aviation community.

Through this museum initiative, our facility, the last remaining remnant of the RCAF Crumlin/London and the original 1939 London Airport, will also achieve a lasting and viable future.

We look forward to your assistance and support in our endeavours.

Nick Corrie
Chairman, Aviation Museum Committee
